

How we use Isaac Physics

Wednesday 18th October 2023

Nick Davies
Team leader, Physics
Wilmslow High School
ndavies@wilmslowhigh.com

Who uses ?

- A Level
 - physics (75)
 - (physical) chemistry (80)
 - Biology (80)
- GCSE Physics, (500)
- Year 8 & 9 Physics, (300)
- Year 7 – to be integrated at a later date
 - GCSE quizzes with Y9 very useful
- Maths use Sparx (they say it is really good),
- Only a few physics students use Isaac Maths

- | | | | | | | | | | | | | | | | | | | | |
|---|-----|---|-----|---|-----|---|-----|---|-----|---|-----|---|-----|---|-----|---|-----|---|-----|
| 5 | 10c | s | 10t | b | 11b | c | 11c | h | 11h | t | 11t | 3 | 122 | 4 | 124 | 1 | 131 | 2 | 132 |
|---|-----|---|-----|---|-----|---|-----|---|-----|---|-----|---|-----|---|-----|---|-----|---|-----|

- The first of each pair is the **Isaac download** worksheet
- The second is the **main mark-book** worksheet where all class and homework and tests (etc) are recorded

The Isaac download worksheet

Cut & paste Isaac **download** into first worksheet

- I am last alphabetically (**ZDavies**).
- This ensures I can see if I have **not done** any of the questions set to the class (important for A Level especially)

I add  class code to class name.

Rank within class

I like to know who has not started a board
Student #20 has 5 boards with **zero progress**.
and 6 boards below 60% (trilogy group)

I also like to know who is doing the minimum.
Threshold differs by class.
Student #20 has 6 boards with **insufficient progress** (threshold $< 60\%$).

Mastering Essential GCSE Physics

By A.C. Machacek & K.D. Dalby, with extra questions written by R. Meekie
These exercises help students master the concepts of GCSE physics.
Includes worked examples and guidance.
GCSE grades 9-4/5.
Includes extension materials (beyond GCSE, indicated by *)
Buy the book
Printed copies, available £15 (pbp)

For Teachers
Specification Table - maps the book to your exam board
Teacher Guidance Notes - by A. Machacek, K. Dalby, A. Meekie
Click for answer - project or print; students provide key answers to the gaps.
Set a section for homework
Enter class 'teacher' below, in the section number in the specification table.
• You will be taken to your 'Set assignments' page where the section will appear in the top left position. Click on 'Manage / Unassign' to see a list down list of your groups.
• Click on the group name and 'Task' to assign it.

Chapters:

| | |
|-------------------------------------|-----------------------------|
| 1 Skills (Sections 1-5) | 2 Mechanics (Sections 6-25) |
| 3 Electricity (Sections 26-35) | 4 Energy (Sections 36-45) |
| 5 Waves and Optics (Sections 46-55) | 6 Nuclear (Sections 56-65) |
| 7 Gases (Sections 66-75) | |

(Tutorial
27:13)

My view of

- ✓ Helps understanding of **strengths & weaknesses**
- ✓ Saves huge amount of **time**,
- ✓ re-invest saved time in **formative** assessment.
- ✓ Harder for students to copy work (in registration)
- ✓ Improves my **subject knowledge**
- ✓ Isaac Physics at WHS:
 - ✓ Physics - fully **integrated**
 - ✓ Chemistry – rapidly improving (A Level)
 - ✓ Maths – only really used by Physics dept.
 - ✓ Biology – developing now (A Level)
- ✓ Useful for **spaced learning**.

(minor) Issues with

- ☹ Start with numeric boards
 - ☹ Demonstrate **equation editor** to class.
 - ☹ Equation editor on phones can be challenging
- ☹ Don't set boards you **can't do!**
- ☹ Many students, initially, did not like the switch to IP.
 - ☹ Parents wrote, asking to **switch back** to written work.
 - ☹ IP is hard to **copy** in morning registration.
 - ☹ Don't like **lack of feedback** about what is wrong.
 - ☹ Some struggle to understand that they need to **learn to struggle!**
 - ☹ **Girls** seem not to like it as much as boys (anecdotal)
