STEMSMART | isaac

An Initiative from the University of Cambridge

Are you studying **maths with at least one of physics, chemistry, biology, computer science or further maths?**

Considering applying for a **science, computer science or engineering** course at university?

STEM SMART is a **FREE** programme for Y12 students from state schools, beginning in January 2024 and supporting students through to May 2025.

STEM SMART includes weekly online tutorials with Cambridge University subject specialists, access to student mentors and lectures from top scientists.

To find out more, check your eligibility and apply, go to
www.cam.ac.uk/stemsmart

Apply by 31st October 2023
