

Want to improve your grades?

Studying Computer Science and Maths?
We can help you improve your grades.

STEM SMART is a **FREE** programme for Year 12 students studying Maths and at least one of Computer Science, Physics, Chemistry, Biology or Further Maths at state schools.

The programme includes:

- Online tutorials with subject specialists
- Weekly online assignments
- An opportunity to attend a residential at the University of Cambridge

To find out more, check your eligibility, and apply, go to:
