Isaac Teacher Symposium: Bolton

Sat 7 November 2026 – Bolton School

With Year 12 Physics Masterclass on Fri 6 November 2026

FREE booking at:

https://isaacscience.org/events/2026_teacher_symposium_bolton

Join us for a **free** day of physics problem-solving for all teachers of KS4 and KS5 physics, including trainee teachers.

Suitable for anyone who teaches some physics content: physics problem-solving sessions will cater for all levels of physics experience and confidence in a supportive and inclusive environment.

Access support and training for your school with our Institute of Physics-accredited Teacher Support Manager. Meet our Expert Teacher community and Isaac Science Ambassadors.

Nearby schools can send Year 12s to a physics masterclass on Mechanics on the afternoon of Friday 6 November. Overnight accommodation in a nearby hotel is available for teachers attending both the masterclass and symposium.

Saturday lunch and refreshments provided. Overnight accommodation on Friday available for teachers travelling more than 100 miles or 2 hours. Travel expenses paid (subject to criteria: please see our [Events page](#)).
